

**D. P. B. Dayanand College of Education, Solapur: Institutional distinctiveness  
2017-18**

(Institutional distinctiveness in one area distinctive to its vision and trust giving details of performance of the institution during 2017-18.)

=====

**Title:** Organization of state level seminars / Workshops

**Prologue:** The D P B Dayanand College of Education has been a centre of Ph D research. The centre / college promotes research in education and also support students and staff for using new techniques as blogs / Vlogs and websites. All the full time teacher of the college are Ph Ds and also Ph D guides. To create right awareness about research methodology and applications of statistical techniques in educational research were / are the important concern of the college. Statistics and statistical techniques play a very important role in educational research and data analysis. So it was very essential to create awareness about research, research methodology and applications of statistical techniques among the students, staff and research fellows. From this point of view the two state level seminars (2 and three stated below) were organized by the college. Teacher educators from various colleges, Ph D students of various colleges, Ph D guides and students of B Ed, M Ed courses, staff of Arts, Science, Commerce and Education colleges attended the seminars and were the beneficiaries of the two / three seminars / activities.

1. Blog Creation workshop (28.09.2017):
2. Seminar on 'Orientation of Ph.D. Guides and Researchers on Research Methodology' (12.11.2017)
3. Seminar on 'Applications of Statistical Techniques in Research' (19.11.2017)

**1. The Details of Blog Creation activity / workshop:** The one day workshop was organized jointly by D. P. B. Dayanand College of Education and the D. B. F. Dayanand College of Arts and Science. Shri Prashant Karhade from Chandrapur was the Chief guest and resource person. The participants, students, staff could learn about blog and blog creation. Dr. K. J. Shinde - a staff / teacher of the college was the coordinator of the workshop.

**2. Orientation of Ph.D. Guides and Researchers on Research Methodology:** It has been dire need of the hour to have conceptual uniformity among the members of teaching fraternity and especially those guiding M Phil and Ph D level researches. It has been found that there is great scope for improvement of quality of research at Pg level including that of PG researches. As an attempt in this direction the D P B Dayanand College of Education organized on 12.11.2017 a one day state level seminar titled Orientation of Ph.D. Guides and Researchers on Research

Methodology. Dr Smt. Nilima Sapre and Dr Smt M S Padmini (from the department of Statistics Shivaji University Kolhapur), Dr D C Nanaware and Dr S B Kshirsagar ( principal of the college) were the research persons for various sessions and also for panel discussion during the seminar. Dr. D. C. Nanaware addressed on IPR. The questions, answers and the panel discussion during seminar created an ever lasting impact on the learners. Staff, Students, Ph D guides and researchers were the beneficiaries of the seminar. Dr H N Jagtap, the ex Principal of the college was the guest and inaugurator of the seminar on Research Methodology. Dr Kirti Pandey- the Principal of DAV Velankar College of Commerce Solapur and Professor Dr V P Ubale the Principal of D B G Dayanand College of Arts and Science were respectively the president and chief guests for the seminar on research methodology. Dr. V. B. Kidgaonkar - a teaching staff of the College was the coordinator of the seminar.

**3. Applications of Statistical Techniques in Research (education and research):** Variation is the heart of statistics and Statistics is must for research. We expect to have variation as well as sometimes we want to control variation. Knowledge of Statistical techniques is essential for controlling variation and improving quality of research. To create an awareness about it the College organized on 19.11.2017 the seminar on 'Applications of Statistical Techniques in Research'. Dr S D Gore Ex Head Department of Statistics of University of Pune, Shri. V. C. Kakade - a Statistical expert in using Statistical Technique R (Software R) from T C College, Baramati, Dr S B Kshirsagar ( principal of the college) were the research persons for various sessions and also for panel discussion during the seminars. Dr. Smt. P. R. Bhoje - a teaching staff of the College was the coordinator of the seminar.
